Conference Experience

Join industry experts in a 3 Track Series focused on AI in Manufacturing, SCADA Systems & Technology

AI Manufacturing is the leading conference for Manufacturers interested in integrating AI, deep learning and Industrial IoT technology solutions into their manufacturing & automation systems.

SCADA Technology is the leading conference for educating operational and IT professions from the electric/TD, water & wastewater, oil & gas, telecommunications, rail/transportation and industrial automation markets about the latest developments in critical infrastructure and industrial control systems.

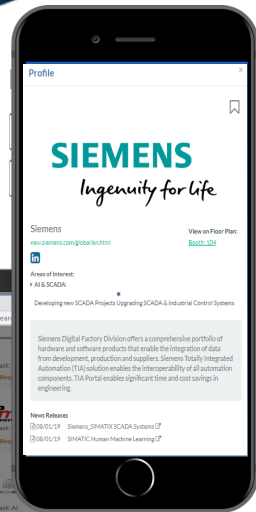

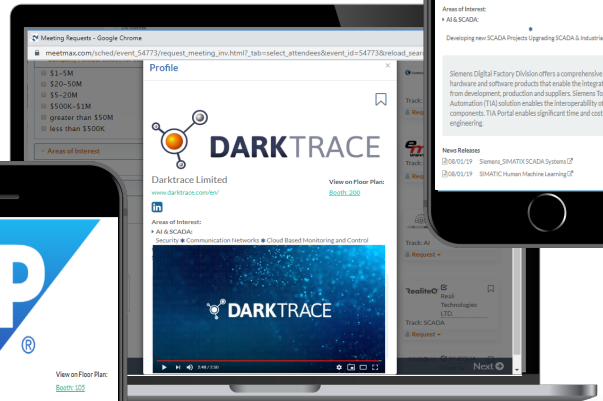

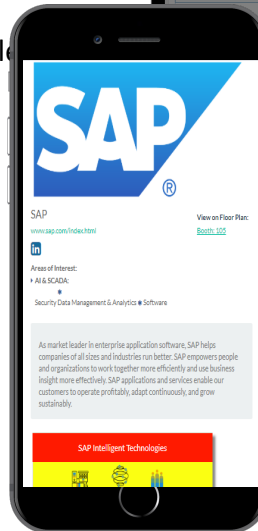

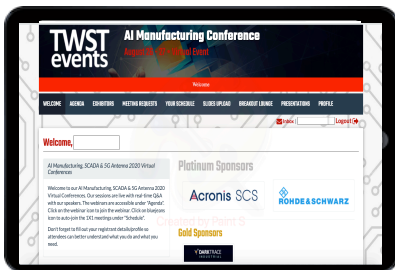

Exhibition & Sponsorship Opportunities

A enhanced rich platform that enables organizations to connect, present, share & market through technical conference experience. Place your brand in front of highly engaged senior-level decision-makers and buyers from leading companies and have the opportunity to generate quality leads. Our dynamic agenda offers valuable content created to position your brand as a thought leader to a niche audience focused on the Manufacturing, ICS, Utility and Oil & Gas market.

Exhibitor Profiles

Each Exhibit consist of a rich company profile that includes:

- Company Logo
- Company Description
- Website URL
- News, Product Releases & Videos
- Social media sites

Branding

- Sponsors have premium booth placement on the Exhibit Floor. Display Pop-up banners in the General Sessions rooms
- Sponsors receive a banner ad that rotates on multiple conference platform pages prior to and during the event.
